About VinUniversity: Vietnam's Premier Private University

VinUniversity is a private, not-for-profit university established by Vingroup – the largest private conglomerate in Vietnam, by the Decision No. 1824/QĐ-TTg of Prime Minister of Vietnam, dated December 17, 2019. VinUni aspires to become a university of excellence with a mission to develop talents for the future.

The University has built strategic collaborations with Cornell University and the University of Pennsylvania — a choice that speaks to our commitment to excellence, innovation in research and teaching, and to making a difference in the world.

VinUniversity comprises of College of Arts and Sciences; College of Business and Management; College of Engineering and Computer Science; and College of Health Sciences. Every aspect of the University: its curricula, research, faculty, student body, facilities, and campus life, is developed to meet the highest standards set by the world's leading accrediting and ranking organizations, such as ABET, AACSB, Quacquarelli Symonds (QS), and Times Higher Education (THE).

The institution has also signed collaboration agreements to offer integrated dual degree with leading universities in computer science, engineering, business management and health sciences.

In October 2020, VinUniversity's inaugural convocation ceremony was held on its beautiful campus located at Vinhomes Ocean Park, Hanoi, Vietnam. The University was set up with a total investment of VND 6,500 billion (approximately USD 285 million) from Vingroup.

In September 2024, VinUni has become the youngest and fastest university in the world to achieve QS 5 stars, earning 5 stars in 9 categories: global engagement, good governance, programme strength, academic development, teaching, employability, facilities, arts, and social impact.

On March 27, 2025, VinUniversity officially received the FIBAA Institutional Accreditation Certificate from the Foundation for International Business Administration Accreditation (FIBAA). This milestone marks VinUni as the first university in Vietnam to achieve 100% of FIBAA accreditation criteria within just five years of operation.

VinUniversity is a private, not-for-profit Vietnamese university built according to international standards, incorporating the finest models of global higher education. Its objective is to create a breakthrough in the quality of higher education in Vietnam and achieve global recognition within 30 years of its establishment.

The mission of VinUniversity is to train a talented workforce with expertise, skills, personal development, and a dedication to achieving the highest possible effectiveness, contributing to the prosperity of individuals, society, and making a positive impact on the global knowledge-based economy.

Sense other people's emotions, understand others without judgement.

Perceive the world in new ways, make connections, generate solutions.

Motivate and influence people to act toward achieving a common goal.

Exceptional Capability

Exceptional capabilities and competencies that are proven determinants of future success.

Entrepreneurial Spirit

Overcome challenges, be decisive, accept responsibility, be impactful for the society.

Developing talents for the future

University of excellence

Sense other people's emotions, understand others without judgement.

Our Accreditation - QS 5 Stars

On September 21, 2024, VinUniversity was officially rated a 5-star university by Quacquarelli Symonds (QS), achieving top marks in seven categories including Teaching, Academic development, Internationalization, Social responsibility, Facilities, Arts & Culture and Inclusiveness. As the world's youngest and fastest university to receive this honor, VinUniversity affirms its strong commitment to building a world-class institution aligned with international standards. This milestone reflects the university's vision to transform higher education in Vietnam and achieve global recognition within 30 years, while developing a skilled and dedicated workforce for national and global prosperity.

VinUniversity has officially been awarded the FIBAA Quality Seal by the FIBAA Accreditation and Certification Committee of the Foundation for International Business Administration Accreditation (FIBAA), becoming the youngest university in Vietnam to fully meet 100% of the quality criteria, with 40% exceeding expectations, particularly in Research, where 5 out of 6 criteria surpassed standards. Achieving this international accreditation within just five years marks a significant milestone in VinUni's pursuit of educational excellence and global recognition.

Let's look back at the milestones on the journey of VinUniversity to build the first university of excellence in Vietnam.

VinUniversity received a Certificate of Commendation from the Minister of Education and Training in recognition of its outstanding achievements and contributions in scientific research and application. This honor highlights the university's strong commitment to academic excellence and its strategic emphasis on impactful research that delivers practical, meaningful solutions for the community and society.

On March 13, VinUniversity and Nanyang Technological University (NTU) signed a Memorandum of Understanding (MOU) to establish a strategic, comprehensive, and long-term partnership. The collaboration will focus on key areas including Computer Science, Data Science & Artificial Intelligence, Engineering, Robotics, Materials Science, and Health Sciences, implemented through six action programs: faculty exchange, joint research centers and groups, recruitment of postdoctoral fellows and PhD students, co-organization of scientific and technological conferences, and the development of research laboratory infrastructure.

VinUniversity has officially been awarded the FIBAA Quality Seal by the FIBAA

Accreditation and Certification Committee of the Foundation for International Business

Administration Accreditation, becoming the first university in Vietnam to fully meet

100% of the quality criteria, with 40% of these criteria exceeding the required standards,

particularly in Research, where 5 out of 6 criteria surpassed expectations.

VinUniversity officially announced its second-phase development strategy, with the ambitious vision of becoming one of the world's top 100 universities. VinUniversity's phase 2 strategy is built on two core pillars: enhancing academic and research infrastructure while strengthening academic talent to meet global benchmarks. At its core is the "VinUni 500" program, which aims to recruit 500 outstanding global scholars and faculty members, supported by Vingroup's investment of 9,300 billion VND to expand training capacity and cultivate an world-class research ecosystem in Vietnam.

Joining forces for Community Health: VinUniversity, Vinmec and Hanoi Medical

University have signed a Memorandum of Understanding (MOU) under the witness of

the Minister of Health, marking an important milestone in building a comprehensive

and internationally aligned healthcare ecosystem in Vietnam. The agreement focuses

on education, research, workforce development and expanded clinical training while

promoting joint research in cutting edge medical technologies such as AI, robotics,

VinUniversity was honored with a Certificate of Commendation from the Minister of Education and Training for its exceptional accomplishments in the emulation movement for innovation in management, teaching, and learning during the 2020–2025 period. This recognition affirms VinUniversity's unwavering efforts to cultivate an exceptional academic environment and its contributions to nurturing high-caliber talent for Vietnam and the world.
